It is also thought players will work harder for their team and that the contests will be more interesting with the men knowing that they can play with but one team under the commission.

played with three, be suspended.

Manager Love, of the Ninth team, asked that his players be declared eligible if the Sunday School League decided that his team is still a member of that body. Although they were made eligible, those who had participated in games with other teams after being dropped by the secretary were given their choice of playing with Ninth or staying with the team with which they

are playing at present.

I. B. Jones, of the Marquette League,
whose name failed to be presented to
Secretary Shurtleff in time for registration, was granted permission to play in

the post-season series.

Complaint was made by Manager
Shoemaker, of the Commerce and Labor team, that Agriculture had played an ineligible player during the first five innings of their game, and asked that on those grounds the game be declared forfeited to the Commerce and Labor team. The matter was referred to the board of arbitration, which will meet next Tuesday at 2 o'clock.

Immanuel has played less games than any other in the league, owing to many postponements during the season. Now that the playing schedule is announced for the post-season series, Manager Cornell is making plans as to how he will work his pitchers in those contests. It should not cost him much worry as he has six flingers on his list.

Should the game with Agriculture be awarded to Commerce and Labor, and the Navy forfeit of yesterday stand, the Laborites will have the pennant cinched. Should the protest not be allowed, a series of three games will be necessary to determine the champion of the league. Such games will be played become contests.
